NOTE: CONNECTIONS LARGER THAN 2" MADE TO WATER MAINS LARGER THAN 12" (16", 20", AND 24")
REQUIRE AN ADDITIONAL CHARGE FOR THE COST OF LARGER TAPPING SLEEVES.

MISCELLANEOUS:

When **ledge or rock** is encountered during installation an additional charge will apply if removed by the LWC. The applicant may arrange for removal independently at his own cost. If removal is beyond the capabilities of the LWC, arrangements will be made with an excavation contractor at the expense of the applicant.

Installations requiring specialized methods such as **boring or tunneling, infrared pavement replacement, flowable fill, extensive traffic control, etc.** will be an additional charge to the applicant.

All installation costs must be paid in full prior to activation of the service.
